

Minami Ward Sightseeing “AR Rajomon” Application Privacy Policy

Article 1 (Definition)

This Minami Ward Sightseeing “AR Rajomon” Application Privacy Policy (hereinafter, “Policy”) specifies the handling of user information in the smartphone application (Minami Ward Sightseeing “AR Rajomon”) provided by the Kyoto City Minami Ward Community Power Promotion Office (hereinafter, “Application”) and services for the Application (hereinafter, “Services”).

Article 2 (Items, Purpose of Utilization and Method of Acquisition of Information Acquired)

When utilizing the Application and the Services, the following user information is acquired automatically by way of the Application for the following purpose of utilization. The information is utilized only within a device and is disposed of immediately when the Application and the Services are terminated and is not provided to third parties.

Items of Information Acquired	Purpose of Utilization	Method of Acquisition
Device position information by GPS	For display of information	Automatically

Article 3 (Concurrence)

1. Prior to utilization of the Application and Services, please check the contents of the Policy. The Policy is posted at the location described in Article 5 and is deemed to have been published by such posting. Prior to installation of the Application, users are requested to check the contents of the Policy.
2. If the device position information is acquired by GPS for the display of information, the Office obtains concurrence on individual information. When such concurrence is not obtained, the Application cannot be utilized except for limited functions.

Article 4 (Method of User Involvement)

In the Services, users may stop the acquisition of data, change, delete and stop the utilization of their user information in whole or in part by their device settings.

1. When users turn off the GPS function of their device, the acquisition of detailed position information is stopped. In this case, the Application cannot be utilized except for limited functions.

Article 5 (Link to Policy, etc.)

Please refer to the following URL for the latest version of the Policy. The provisions of the Kyoto

City Ordinance for the Protection of Personal Information apply to the personal information collected and managed by the City.
